INVITATION TO THE CHÂTEAU

The development of BUGATCHI FW24 began with curiosity. Our minds went on a journey to seek out new adventures, to embrace the unknown.

We felt an energy in the air that wanted us to find solace and comfort.

We gravitated to the warmth of materials.

We looked to periods where newness was in the minds and in the spirit.

The 60's were a time when a vibrant, culture-forward energy was taking place and the "Chelsea Set" was groundbreaking in art and social circles.

As a result, our silhouettes focused on confident and streamlined shapes.

Our patterns are bold, with shape and geometric foulards patterns. Sweaters take center stage with new interpretations that expand beyond the classics, elevating into wool-silk blends and new hybrids. Shearling adds dimension and texture and corduroy providing a sturdy backdrop.

The Invitation to the Chateau is an expression of surprise and delight. It is a journey that comforts the soul – allowing us a space to breathe.

Elegant and elevated, our escape discovers a warm romantic space that provides a backdrop to a collection that takes the BUGATCHI journey one step closer to its true expression.
